| • Strong interpersonal skills | • Java       | • PHP             |

## EDUCATION

---

### Information Technology-Programmer Analyst

2022 - 2024

NBCC | Fredericton, NB

## EXPERIENCE

---

### Stocker *part-time*

Costco Wholesale Fredericton (VPS) | Fredericton, Canada

09/2023 – Present

- Adaptability, thriving in a fast-paced environment and readily adjusting to changing priorities.
- Collaborative mindset, working effectively within a team to achieve common goals.
- Effective time management, efficiently restocking shelves while adhering to defined procedures.
- Attention to detail, demonstrated through meticulous organization of shelves and products.

### Web Developer *Temporary*

PathFinders Gospel | Fredericton, Canada

06/2023 – 09/2023

- Designed, proposed, and delivered website structure, creative concepts, images, graphics, and other visual displays.
- Worked closely with design and content teams to translate concepts into visually appealing and responsive websites utilizing HTML, CSS, and JavaScript.
- Troubleshoot and resolve technical problems relating to websites and social media properties.
- Analyzed incoming needs to design and implement technical solutions.
- Coordinated with the rest of the technical project team to troubleshoot complex issues.
- Design and implementation of data storage solutions.

## **Technology Instructor** *full-time*

Diocesan College Santa Luzia | Mossoró, Brazil

01/2016 – 07/2022

- Developed and delivered curriculum on programming fundamentals, including beginner and intermediate levels of programming languages such as Python and Scratch, as well as robotics programming using Lego Mindstorms.
- Provided hands-on instruction in software applications, emphasizing practical application in real-world scenarios, including Microsoft Office suite (MS Word, Excel, and PowerPoint).
- Proactively identified and resolved technical challenges faced by students and staff, including software glitches and hardware malfunctions. Stayed current with advancements in educational technology and integrated new tools and resources into lesson plans to enhance student learning experiences.
- Collaborated with colleagues to design and implement technology-integrated lesson plans, fostering a collaborative learning environment. Communicated regularly with parents to provide updates on student progress and offered guidance on leveraging technology to support their child's educational journey.
- Led workshops and training sessions on programming fundamentals, software development methodologies, and best practices in technology usage. Mentored colleagues on coding techniques and encouraged the adoption of modern development tools and frameworks.
